CURRENT PROMOTIONS

New WildBlue residential or small office customers who place an order for WildBlue before 09/31/2006 are eligible to receive free standard installation. The regular price of a standard installation is \$179.95 and the regular cost of the equipment is \$299.00. If eligible under this promotion, customers will be charged \$0 for standard installation and \$299.00 for equipment. Additional fees may apply if additional work is required outside of a [standard installation](#). This offer is available nationally in areas that are currently located in a WildBlue serviceable area and are currently activating new customers. Limited time offer.
